

## VIOLENCE MARKS SECOND STRIKE AT BRYCE BROS. GLASS FACTORY.

**Mt. Pleasant Factory Idle, Boys All Walking Out, After Which They Surround Plant and Yell.**

### NOW OVER 150 ARE STRIKING

Following the Return of Fifty Boys Earlier in the Week a Larger Number of Boys Quit Work Yesterday Demanding 30 Cent Increase.

MT. PLEASANT, Aug. 26.—The hit boys, carrying in boys, cracking off boys, cutting down boys, foot gathering and a few of the finishers, that are employed in the Bryce Brothers glass factory went out to the man last evening and at present what threatens to be a serious strike is on. Over 150 men and boys quit work their demand for a raise in wages having been refused. The paper now drawn up states that 30 cents additional each day is the required amount for which they are striking and are determined to stay out until given the raise. Earlier in the week about 50 boys struck for a 20 cent raise, but went back to work Tuesday morning.

Last night not a single man worked in the factory, which was closed. The boys surrounded the factory until late at night, howling themselves hoarse. It was reported by a glass worker that Con Cain, the night watchman of the factory had been severely beaten by the strikers when he ordered them from the factory property, which adjoins the glass house, but this was denied by Mr. Cain, although he did have some words with the strikers, they did not attack him. The boys say that their pay is far too small for the work they do and at a union factory their pay would be double the amount they now receive.

Amel Leonard, one of the employees who is not a striker, told The Courier correspondent last evening that he was nearly 25 years of age and was only receiving \$1.25 a day. He has been working for the company over eight years. Employees of the factory say that the company has no orders to fill at present and do not particularly care whether the plant is running or not. An Italian strikebreaker, about 16 years of age, was severely beaten up by the strikers when he attempted to enter the factory to go to work. Other outbreaks are expected at any time. The company declines to make a statement.

### ARRANGE FOR THE OPENING OF SCHOOLS

Dunbar Township Directors Will Hold a Big Meeting at High School Building Saturday.

The Dunbar Township School Board will meet Saturday morning at 10 o'clock at the High School building at Leaning No. 1 to complete all arrangements for the opening of school on Monday morning, August 30. The repairs which are being made on several of the school buildings will likely be completed by that time and from all indications the schools throughout the township will open on that date. A meeting of all the Principals will also be held at the High School building at the same hour to receive instructions from the Supervising Principal R. K. Smith, as well as to sign the contract for the year.

At 2 o'clock the teachers will meet with the Directors for the same purpose and any teacher being absent without an excellent excuse his or her school will be declared vacant and a new teacher elected. It is the desire of the High School faculty that all students of the High school be present at the opening session on Monday morning.

Editor Becomes a Benedict. Henry E. Himes, managing editor of the Kittanning Tribune, and Miss May Barnett of Elkerton were married yesterday.

## P. & L. E. Will Not Extend Line to Morgantown This Year.

MORGANTOWN, W. Va., Aug. 26.—"Nothing will be done this year on the extension of the Pittsburgh & Lake Erie railroad, but I expect to see the construction of the missing link between the State line and Morgantown next summer," said General James C. Frazer upon his return from Pittsburgh where he held a conference yesterday with Colonel J. M. Schoonmaker, Vice President of the Pittsburgh & Lake Erie, and Arthur H. Blair, Secretary of the Buckhannon & Northern. "Of course the orders for the extension will come from the New York office, and so far no definite advice has been received from that source."

### KICKED IN FACE.

Mule Disfigures Mine Driver for Life at Meyersdale.

MEYERSDALE, Aug. 26.—Harry Imhoff, who is employed as a driver in Elk Lick No. 1 mine of the Somerset Coal Company, was kicked in the face by a mule, tearing and crushing his nose from the bridge down. Besides being painful, the wound is likely to render the unfortunate young man's face terribly disfigured.

### DEMOCRATIC NOMINEES OFFICIALLY NOTIFIED

Bruce F. Sterling of Fayette County the Official Spokesman at the Gathering.

WILLIAMSPORT, Aug. 26.—At the formal notification of the Democratic State candidates here yesterday there was enthusiasm exhibited when the Democrats assembled at the Lyceum building county hour house. C. Lurie Munson, nominee for Justice of the Supreme Court, in whose honor Williamsport was chosen as the place of notification, was the lion of the day.

Bruce F. Sterling, Chairman of the recent Harrisburg convention, assumed charge of the meeting, after Mr. Kelly's address, and his speech took on something of the outline of the campaign, reflecting the hopefulness of its outcome and declaring that as shown by the Harrisburg ticket, the Pennsylvania Democracy is willing and ready to submit to the electorate of this State as their candidates for State offices men of the highest character and efficiency for the duties and responsibilities of the public office and public trust. Concerning the offices to be filled he said:

No one can doubt that your distinguished townsman, a trained lawyer, a cultured gentleman and high minded citizen, and this year the Democratic party offers as its candidate for that office a man whose character, record and career are in eminent guarantee that the fruits of that administration will not be lost and that the interests of the whole people of his State will continue to be safeguarded and protected under Democratic control.

The office of Auditor General is, in the taxpayers of Pennsylvania, the most important in the whole scheme of government; and, strange as it may seem, the people have not become thoroughly aroused to this important fact. While it is true that the State Legislature fixes the rate of taxation, yet it is equally true that the Auditor General alone determines and fixes the amount of tax to be paid.

Then followed the formal notification of the candidates. J. Wood Clark for Auditor General; George W. Klipp for State Treasurer, and C. Lurie Munson for Justice of the Supreme Court.

### MORE HARRIMAN RUMORS UPSET STOCK MARKET

Report That Railroad King's Alliment is of Serious Nature Disturb Bulls and Bears.

United Press Telegram. NEW YORK, Aug. 26.—The stock market was again greatly affected by rumors that E. H. Harriman is in a more serious condition than has been reported. All through the day there were reports of a serious nature that an operation is soon to be performed.

By calling at Arden yesterday Dr. Norman Dittman, kidney specialist, revived rumors that Harriman is suffering from an ailment of cancerous nature and would undergo an operation soon.

At Arden today it was declared that the railroad king is "all right."

### GIRL SUICIDES.

Hester Hone of Dawson Fires a Bullet Into Her Body.

DAWSON, Aug. 26.—Hester Hone, aged 22 years, committed suicide last night by shooting herself in the right breast with a 32 calibre revolver, dying within 30 minutes. The shooting occurred at the home of her mother, Mrs. Elizabeth Hone. Dr. Harry Bell was quickly called but the girl was beyond medical aid.

As far as could be learned there was no known cause for the suicide, as Miss Hone had been bright and cheery all day. About 10:30 she went to her room and prepared to retire. After a brief conversation with her mother she walked calmly to her dresser, secured the weapon from a top drawer, pressed it to her breast and fired before she could be interrupted. Her mother rushed to her side in time to hear the dying woman repeat the statement that she had ended all her troubles. She was placed on the bed, where she died.

Miss Hone is survived by her mother, four brothers and one sister. She was well known in Dawson, as she was born and raised in this vicinity. Her father died at Dawson several years ago.

## NEW INDUSTRY FOR BROAD FORD.

Old Time Hand-Made Barrel Shop There is Completed.

### ARE TO START UP ON MONDAY

Broad Ford Cooperage Company Will Make Highest Class Barrel For the A. Overholt Distillery at That Place.

The old style hand-made barrel, that has not been manufactured there for many years, the company buying from Brownsville, Cincinnati and Chicago all their hand-made barrels, will once more be made at the A. Overholt distillery at Broad Ford, the plant to begin operations on Monday.

The barrels will be made in the cooper shop of the Broad Ford Cooperage Company, a firm distinct from the distillery, but with a shop of steel sheeting 30x150 feet on the distillery company's grounds. The cooper shop will have a capacity of from 150 to 200 hand-made barrels daily, and will employ about 30 to 40 expert coopers. The plant is equipped with but little machinery, jointers, punches and windlasses. The barrels will be strictly hand-made, and will be subject to the approval of the distillery. They represent the highest class of cooperage extant, which used to be a common occupation, but which of late years is practiced in only a few places, Brownsville being the nearest point at which the hand-made barrels are manufactured.

The firm will make no boxes or other wood products than the barrels, the material for them all being shipped in from this far west, consisting of oaken buckstaves, which have never been sawed, but have been cut out by a "bucking" machine. They will be seasoned when received and will be hewn into shape, and jointed and staked together, with steel hoops in the shops at Broad Ford.

The distillery people many years ago made their own barrels, but of late years have bought in the open market. Now they desire to have the best that is made and to have it within easy access, where it may be pushed upon before reaching the distillery, and so have had the Broad-Ford Cooperage Company locate on the distillery property.

## MASONTOWN TO HAVE NEW CATHOLIC CHURCH

Will Be Erected There at a Cost of \$25,000 and Draw From a Large Population.

Masontown is to have a fine large, new church. It will be erected by the Catholics of that section of Fayette county at an approximate cost of \$25,000. D. F. Glard, through Father Thomas, the pastor in charge in that section has been awarded the brick contract for the structure and will begin work upon it immediately.

The Walled City has not had a Catholic church, although it is over 100 years old, the members of this faith either attending irregular services held in halls or going to Leckrone. The population of the county has been extending far beyond Masontown lately and the necessity for a church there has been greatly felt. The town with street car service will bring hundreds of Catholics there each Sunday, while if the service is extended to the Monongahela, it will touch at some very large centers.

## THE PATHFINDERS IN WESTMORELAND.

Seventeen in Party Following Road Built by General Forbes.

### OLD MEN LEND ASSISTANCE

The Lauffers of Harrison City Tell How Road Was a Line in All The Land Patents Granted From 1770 to 1800.

GREENSBURG, Aug. 26.—The party of pathfinders were taken from here to Stony Springs, north of town, and again they started after the sunken road built by General Forbes. The party followed the Salem road with in half a mile of the State road and then cut across the country, south of Claridge on the high land, and then on to the vicinity of Harrison City. They took considerable time Wednesday afternoon going over the Bushy Run battlefield. A number of the party went in their cars as far as Trafford City to look over the lay of the ground. Considerable preliminary work was done in looking up the line.

The party consisted of 17 persons. At Harrison City the aid of Paul Lauffer, aged 81 years, Jacob Lauffer and Benjamin Lauffer helped considerably. They related all the legendary lore and gave all the traditions that were handed down to them by their ancestors.

The outfit the party has with them is "General Forbes Marching Journal," "The John Potts Map," "The Thomas Hutchins Map," "The Wm. Seall Map," and "The Howell Map."

Many historically inclined people cannot think how the northern route can be entirely put on the shelf. One fact must not be overlooked by the gentlemen now relocating the General Forbes route across Westmoreland county and that the title records of the county as recorded in the deed books show the exact location of the old road. The warrants and patents for land issued to the first settlers locate their tracts by reference to "General Forbes Route," or "Forbes Road" and sometimes as "Forbes Great Road to Duquesne." The records say that the tracts of land join the old road on the south and north and sometimes on both sides of the old road.

The road was a line in the warrants for land located from 1770 to 1800, along the route and that is true for tracts of land now in Unity, Perry and Fairfield townships. Ligonier township was not created until 1823 out of part of Fairfield. So this is not, or ought not to be the difficulty in correctly locating the old road by tracing the titles to the land laying along the road.

It has always been considered that Col. Barker consulted with the sons and daughters of the original settlers along the Forbes road when he made his map of 1867 from actual surveys.

### NOT YET SETTLED.

Lower Tyrone Township Board Deadlocked Over Teacher.

UNIONTOWN, Aug. 26.—The court may interfere in the Lower Tyrone school fight, over which the Board is hopelessly deadlocked. Although accepting a proposition of Mrs. Sarah B. Cochran to move and repair the Oakdale school, the Board cannot decide to elect a teacher.

The offer of Mrs. Cochran to move the school across the road and repair it, together with the acceptance of the proposition by the School Board, has been filed at Uniontown, but the Board has given no evidence of breaking the deadlock which exists.

## WILL KILL THE DOGS.

Southwest Greensburg has declared a war of extermination on the dogs.

The Weather. Showers this afternoon, fair tonight and Friday; slightly cooler tonight, is the noon weather bulletin.

### STUDY AGRICULTURE.

German Township School Board Creates New Department.

MCCLELLANDTOWN, Aug. 26.—Two new departments were created in the German township High School at McClellandtown and the entire corps of teachers elected at a meeting of the School Board this week. At the request of many of the residents of the township the members of the Board voted unanimously for the addition of a course in agriculture and science and a first class business department.

Two competent instructors were chosen for the heads of the two departments and the strength of the High School course is nearly doubled. Boys over 15 years old are given a special invitation to take the agricultural course even though they cannot meet the regular High School requirements. The tuition is low compared with the other High Schools of the county and it is thought that many young men will take advantage of the first agricultural course given in a Fayette county High School. Trolley convenience affords special opportunities to students outside the township.

## MYERS GOES TO BROOKLYN TEAM.

Big League Team Found Itself in Sore Need of Outfielder.

### MAY PLAY IN CAME TODAY

Given a Royal Sendoff by His Commons Who Will Miss Him Sadly—Expected That a Big Crowd Will Go to Scottsdale Saturday.

Connellsville has paid the toll demanded of her by the big baseball leagues and last night sent her favorite son, Harry H. Myers, to Brooklyn to join the Superbas. Dutch Myers, as he is best known to the fans here, was sold to Brooklyn some weeks ago, but was not to have joined the team until September 17. The big league clubs have their hard luck like the little ones, and Brooklyn this week found herself in sore need of an outfielder.

Beginning last Monday President Charles H. Ebbots of the Brooklyn club began his appeals to the Cokers to let Myers report at once and last night Manager Sweeney let Dutch go. No other manager nor player wanted to part at this time, but Sweeney realized that it was for Myers' best interests that he report when requested. It is not unlikely that he will get in to day's game at Brooklyn as yesterday the Superbas played a pitcher in right field.

All of the Coker players were on hand to give Dutch a royal sendoff and all of them will be plugging for him to make good in the big show. The fans here predict that Dutch will be a Ty Cobb before many seasons have passed.

At the time of going to press Manager Sweeney was not sure whether the game could be played today. In event of its being called off because of rain or wet grounds, Grafton will play a doubleheader tomorrow. A big crowd is planning to accompany the teams to Scottsdale on Saturday. Tomorrow's game will be the last one here until Labor Day morning.

Scottsdale fans are glad to hear that Bill Smink is to umpire the game there Saturday. Bill was on the old "Eighty-Niners," the famous champions who made Scottsdale famous. Smink caught Jock Macfadyen on the veterans.

## CATCHES BOY BURGLAR AS HE ENTERS WINDOW

"Bell Hop" at Uniontown Hotel Was Going Into Chief Cook's Room.

UNIONTOWN, Aug. 26.—Charles Hinson, a "bell hop," at the McClelland Hotel, was caught in the act of crawling through a window into the room of Mrs. E. Sodine last night and information has been made against him by County Detective Alex McBeth charging breaking and entering. Mrs. Sodine, who is chief cook at the hotel, had been missing articles and kept a watch. Last night she was rewarded by seeing Hinson crawl through the window and enter her room.

Guiltily of Manslaughter. Tony Gula, tried for killing Frank Ross of Monongahela, was found guilty of manslaughter and sentenced to the penitentiary for six years. The sentence carried with it costs of prosecution and a fine of \$100.

## AUTHORITIES USE LIQUID BLUE AND DETECT TAPPERS.

Burgess Evans, Board of Health and Pennsylvania Railroad Clear Up Sewer Matter.

### THIRD ROBBERY.

Thieves Break Into a Car at Meyersdale and Take Merchandise.

MEYERSDALE, Aug. 26.—Burglars for the third time last night broke into a box car at the B. & O. station and took therefrom a quantity of merchandise.

Since the second robbery the company has had a watchman stationed here each night, but to no avail, seemingly.

## WOMAN SAVES FARMER'S LIFE

Mrs. Herbert Frisbee Stops Runaway Horse on Breakneck Road at Great Peril.

The heroism of Mrs. Herbert Frisbee, living on the Frisbee farm east of town, undoubtedly saved the life of Amos Elford, a farmer of Breakneck, yesterday. Mrs. Frisbee daringly stopped the frightened dash of the horse which Elford had been driving, and which became frightened at a street car on East Main street. She grabbed the reins which permitted the animal to get beyond the control of its driver and brought the animal to a halt, though not without considerable risk to herself.

Elford was driving out Main street towards the Breakneck road and turned in at Coal alley to let a street car pass, the horse being afraid of the cars. He had turned back into the street when a second car came along. The horse bolted and while Elford tried to check its mad career, both lines broke.

The horse veered into the Breakneck road at a terrific clip and went down the slight grade at such a pace that Elford was afraid to leap from the buggy. Mrs. Frisbee, who was sitting on her front porch, saw the horse dash over the crest of the hill and ran to the main road just as the animal started up the dip in the road. Although somewhat winded, the animal was still going at a high rate of speed. Mrs. Frisbee made a flying leap at the horse and grasped the reins which dangled free. She was dragged several yards but was unhurt.

Elford was badly frightened as the result of his experience but the horse was tamed down sufficiently to be driven home.

## YOUNG HARRIMAN WOULD BECOME RAILROAD MAN

But He Prefers Braking or Firing to Manipulating the Horse on the Stock Market.

United Press Telegram.

CHICAGO, Aug. 26.—After having "roughed it" in the West as the boss of a surveying crew, Walter A. Harriman, oldest son of E. H. Harriman, is now ambitious to become a railroad brakeman or fireman. He is en route today for Arden, where he will spend some time with his father.

Young Harriman issued a statement saying he intended to continue learning the railroad business for some time. After spending the vacation with his father he will start work again as a brakeman or fireman.

They Will Lock Horns. There will be a baseball game between the Connellsville Elks and the Charlestown Elks at the latter's picnic to be held at Shady Grove park next Tuesday.

Small Wound Kills. Blood poisoning, resulting from a scratch on her foot, caused the death of Mrs. Josephine Smith, wife of Michael Smith of New Castle.

Janitors Are Busy. The janitors are busy getting the school buildings ready for the opening of school.

## Diphtheria Epidemic Carrying Off Little Ones in Somerset.

SOMERSET, Aug. 26.—Somerset is threatened with an epidemic of diphtheria. Two have already died, in spite of the use of antitoxin and several others have developed the dread malady. Strict quarantine is maintained in an effort to prevent a spread of the disease, but it is feared that additional cases will be reported within a few days.

The latest victim was Catherine Ross of Monongahela, was found guilty of manslaughter and sentenced to the penitentiary for six years. The sentence carried with it costs of prosecution and a fine of \$100.

### WILL USE BOROUGH LINE NOW

Pittsburg Brewing Company Has Already Taken Steps to Get Off Private Pipes and Other Offenders Must Follow Suit.

Liquid blueing was invented for the housewife on wash day, but it was put to another use yesterday and resulted in the borough officials and representatives of the Pennsylvania railroad locating several instances where the private sewer of the railroad had been tapped. The blueing was placed in closets and other receptacles which empty into the sewer, and its course was traced to the mouth of the Pennsylvania sewer, emptying into Mountz creek. There was no going behind the trail of blue water that issued from the mouth of the sewer following the tests that were made.

Burgess J. L. Evans, Secretary George B. Brown of the Board of Health, Health Officer Allen Hyatt and Division Supervisor S. H. Kuhn of the Pennsylvania railroad made the tests yesterday. Only a few of these could be made because after one had been tried, it took some time for the water to become clear enough to permit a second experiment.

It was discovered, however, that the Pittsburg Brewing Company had been using the sewer. The discharge from the mash vats and other machinery of the brewery empties into the sewer, and these have been the cause of many vile stenches arising from Mountz creek and which caused the entire neighborhood to get up in arms over the matter.

A further test disclosed that two double houses on Francis avenue, owned by H. S. Spenn, are also on the sewer. The authorities will make more tests today and expect to locate other offenders.

The Pennsylvania sewer was built for the sole purpose of carrying off storm water. The closets of the company in the depot and freight house tap the borough sewer. Speaking for the company, Supervisor Kuhn said that the private sewer was tapped without the knowledge or consent of the railroad and notice has been given for the offenders to tap the borough sewer immediately. No charge is made for tapping, but the plumbing bill will amount to considerable. Already the Pittsburg Brewing Company has taken steps to tap the borough sewer and within the next week it is expected to have the railroad's sewer used solely for the purpose to carry off storm water.

## COAL MINERS OBJECT TO USE OF NEW EXPLOSIVE

Estimated That Fully 5,000 Coal Diggers Are Idle in Pittsburgh District.

It is estimated that fully 5,000 miners in the Pittsburgh district are idle on account of the dispute between operators and employees over the use of a new safety explosive to mine coal. The powder question has caused much trouble in the last seven or eight months and resulted in Francis Feehan, President of District No. 5, United Mine Workers of America, ordering a strike against the Pittsburg Coal Company some weeks ago.

National President Thomas L. Lewis, of the United Mine Workers, and a committee representing the National organization have been in conference with operators for some time with a view of adjusting the dispute, but an agreement has not been reached.

Janitors Are Busy. The janitors are busy getting the school buildings ready for the opening of school.

## SOCIAL.

**Vanetta-Price.**  
Irvin F. Vanetta, son of A. B. Vanetta of Cottage avenue, and Miss Mary Price, daughter of John Price of Gibson, were married yesterday afternoon at 2 o'clock at the home of the bride, Rev. Baker, pastor of the Presbyterian Church, officiating. A handsomely appointed wedding dinner followed the ceremony. Mr. and Mrs. Vanetta left last night for an Eastern trip of several weeks. They will be at home to their friends in Connellsville September 15.

**Campers Return Home.**  
Mr. and Mrs. W. J. Goblitz, Mrs. John Robinson and daughter, Miss Rhoda, Mrs. Charles Newcomer and Misses Loma Cole and Marie Gomas returned home last evening from a ten days' outing at Roger's Mills. The camp which was known as "Camp Goblitz" was one of the most popular ones in that section and a large number of visitors were entertained. Last Saturday 25 visitors from Connellsville and vicinity took dinner with the campers.

**Evening at Cards.**  
Miss Virginia Winkler of Harrisonburg, Va., the guest of the Misses Sauter, was guest of honor at a prettily arranged card party given last evening by Miss Pearl Keck at her home on East Fairview avenue. Seven tables were called into play for five hundred and at the close of the games the head prize was awarded to Mrs. D. S. Fradette of Des Moines, Ia., and the consolation prize to C. L. Collins. At midnight a dainty luncheon was served.

**Rain Spoils Picnic.**  
Rain interfered with the picnic which was to have been held today in the grove near the West Penn bridge on the South Side by the Primary Department of the Christian Sunday school. The children assembled at the church and at noon dinner was served in the dining room of the church. If the weather permits the afternoon will be spent in the woods.

**Home From Outing.**  
Dr. and Mrs. J. P. Korr, Misses Nanale Mary and Elizabeth Long, Misses Emma and Callista Meador of Connellsville, returned home last evening from their annual outing on the Dick farm near Johnstown. Mr. and Mrs. S. B. Doble and children were also members of the party and returned home earlier in the week.

**Picnic at Shady Grove.**  
The Organized Adult Bible Classes of Fayette county and the Sunday school of the Methodist Episcopal Church are picnicking today at Shady Grove. Despite the threatening weather a large number of Sunday school workers from all over the county are present.

**Cooper-Cope.**  
The marriage of Miss Edith Cope and N. P. Cooper of Uniontown, was solemnized yesterday at high noon at the home of T. S. Leakey, on Oakland avenue. Rev. H. L. Chapman officiating.

**Cards for Miss Finch.**  
Mrs. J. W. Madigan is entertaining at five hundred this afternoon at her home at Vanderbilt in honor of Miss Alma Finch of Pensacola, Florida, the guest of Miss Gertrude Madigan.

**Thimble Club Will Meet.**  
Mrs. Iva Deal will entertain the Baptist Ladies Thimble Club tomorrow afternoon at her home on Murphy avenue. The afternoon will be spent in sewing.

**Veterans Will Meet.**  
The monthly meeting of the Union Veterans Legion will be held this evening in the Public building. A large turnout of veterans is desired.

**Auxiliary Will Meet.**  
The regular meeting of the A. O. H. Auxiliary will be held this evening in Soleson's hall. All members are requested to attend.

**Will Entertain at Cards.**  
Mr. and Mrs. Vincent Soleson will entertain at cards this evening at their home on East Fairview avenue.

## CUT PRICES.

**Have Been Discovered by Broad Ford Men Who Land in Battle.**

Those who were foreigners down at Broad Ford. Way back in ancient history a Burgess let one of them off for \$2.50 instead of the usual price for a jag, and since then the Broad Ford delegation to police court is ever anxious to get bargains.

This morning two of them tried the game, and worked it. Mike Licko came up, pleaded guilty, and offered \$2.50, as the only sum he had. Burgess Evans took the money. He got into the game when John Chesmore offered \$2. John dug up an additional 40 cents, but Burgess Evans took the \$2 upon a promise to bring the remaining \$1.60 back this afternoon. John promised.

Two suspicious characters were discharged at last evening's hearing.

## A GOOD SHOWER.

**Hot Wave of Yesterday Battered by Heavy Downpour This Morning.**  
The intense heat wave which settled down over Connellsville yesterday was broken this morning by a heavy shower and humidity is again smiling. Yesterday was an intensely hot day and there was much suffering. In the cities the heat was almost unbearable and many prostrations resulted.

The mercury record this morning was 69, while yesterday as high as 90 was recorded in the shade. The heaviest shower occurred about 5 o'clock this morning and continued until after 7 o'clock. It was of great value to many growing things, although it was not seriously needed.

## ZEPLIN III WILL SAIL THIS EVENING

The Newest Dirigible Balloon Owned by Count Zeppelin Ready For Flight.

United Press Telegram.  
FRIEDRICHSHAFEN, Aug. 25.—Everything is in readiness for the start at 7 o'clock this evening of the aerial cruise of the Zeppelin III, the newest Zeppelin dirigible balloon, to Berlin, where it is expected to arrive Saturday. The distance is 450 miles "as the crow flies."

Its arrival in Berlin was originally scheduled for today but was postponed at the request of the Kaiser in order that the school children might be present. Count Zeppelin plans to board the balloon at Bittorf, about 100 miles from Berlin. He is recovering from an operation for an abscess on his neck and did not feel strong enough to make the entire trip.

RHEIMS, Aug. 25.—Hubert Latham made a new record for an hour's flight today but failed to better the endurance flight of Paulhan, set yesterday. The supply of gasoline became exhausted and forced him to alight. Henri Fournier, who miraculously escaped death yesterday when his machine fell, was on the field today and though bandaged as the result of his injuries was able to make a six mile flight in his reserve machine.

## MILLION AND A HALF IS COST OF BIG STRIKE

Pressed Steel Car Company Loses \$60,000 Per Day in Output Alone.

United Press Telegram.  
PITTSBURGH, Aug. 25.—The strike at the Pressed Steel Car Company's plant, which has lasted now for 45 days, has cost \$1,500,000. This includes losses of the company, strikers and Allegheny county.

The loss to the company in output which is valued at \$60,000 per day, is estimated at \$252,000. Special trains to import strike breakers, food and pay to the men, damage to machinery by inexperienced men and other items swell the amount to \$500,000.

The loss to Allegheny county is \$33,750, paid for deputies, from 100 to 200 being on duty at \$5 a day. The strikers have lost \$420,000 in salaries.

Through the drizzling, cold rain at McKees Rocks this morning several families are moving as the result of evictions from the houses of the company. At one of the four-story wagon was placed in commission, men hooked themselves to the shafts and moved the goods.

Special Agent Houghland of the United States government examined witnesses this afternoon to probe the peonage charges against the company. Two witnesses testified that when they asked to be let out they were cursed and told to go back to work. One said Samuel Cohen told him to go back to work or he would shoot his head off. Later he was given his money and released.

## ROSENBERG KICKED ON JAW BY VICIOUS HORSE

Brother of West Side Peddler May Die as Result of Frightful Injury.

Louis Rosenberg, a young West Side resident and brother of Harry Rosenberg of Second street, was kicked in the jaw by this afternoon by a vicious horse. The accident happened in the Fourth street stable while young Rosenberg was attempting to put the harness on the animal.

The heels of the horse struck Rosenberg fairly upon the jaw and he dropped like a shot. Dr. L. S. McKee was summoned but the lad was still unconscious when he arrived. The boy was taken to the Cottage State Hospital. His condition is said to be precarious.

## BURGLARS WERE THERE.

But They Did Not Enter Home of Attorney E. C. Higgins.

Burglars attempted to enter the South Pittsburg home of E. C. Higgins during the night but were frightened away before accomplishing their full design.

They removed plants from a kitchen window and had a bar ready to pry it open when something caused them to make a quick getaway.

**Mount Pleasant Institute.**  
The Mount Pleasant Institute, Mount Pleasant, Pa., after having completed one of the most successful years in its history, is prepared to enter upon its thirty-seventh year, September 15th, 1909, with renewed vigor. It has an exceptionally strong force of teachers for the coming year, capable of preparing students for any college, technical or business school in the country. The success of its graduates is its best recommendation.

**Waynesburg Mill Sold.**  
The Waynesburg forge, sheet and tin plate mills have been purchased by Waynesburg capitalists for \$22,000. A stock company will be formed to operate the mills. The plant has been idle for five years. It is composed of four mills, two of which can be put in running order in a few days.

Have you tried our classified ads?

## TO END VISIT.

West Virginia Parents of Hazel Ross Think She Is Staying Too Long.  
Chief of Police Rottler arrested Hazel Ross, a 10 year old colored girl, at Wheeler yesterday and is holding her until relatives come from Piedmont, W. Va., to take her home.

Hazel came to Wheeler some weeks ago and has been staying with her uncle, Caesar Ross. Her parents thought it time to come home, but Hazel preferred the atmosphere of Wheeler to that of Piedmont.

Learning of her refusal to return home, the parents put the case up to Chief Rottler.

## FIVE DEATHS DURING YEAR

Galley Reunion Not as Large as Last Year But an Extremely Enjoyable One.

The thirtieth annual reunion of the descendants of the late Peter Galley held yesterday in the grove near the Galley homestead in Franklin township was one of the most enjoyable events of the kind held in this section for some time. Although the attendance was not as large as last year the reunion was pronounced as one of the best ever held. One hundred guests were present, 50 of the number being present at the reunion held 13 years ago. There were five deaths reported during the last year: Mrs. Catherine Smith, Mrs. Rebba Ogilvie, Samuel Luce, Dr. L. S. Brown and Charles Galley.

The following officers who served during the past year were re-elected: President, Ewing Galley of Dickerson Run; Secretary, C. C. Galley of Mt. Pleasant; and Treasurer, P. G. Ogilvie of Vanderhill. The officers were then appointed a committee to confer with the Newcomer and Frazon families relative to holding a joint reunion next year, the three families being closely related.

At noon the 100 guests were seated around large tables arranged in the grove and dined with all the delicacies of the season. Prayer was offered by Joseph Ogilvie, followed by the address of welcome by A. M. Boyd of Dunbar. An address by J. H. Evans the oldest descendant present followed. Short addresses were then delivered by Joseph Ogilvie, Phillip Smith and John Snyder. An original poem composed by Hugh Shallenberger was then read.

## MRS. SARAH COCHRAN ENTERTAINS AT DAWSON

Country Home at St. James Park Was the Scene Yesterday of a Pleasant Social Affair.

Mrs. Sarah B. Cochran of Dawson delightfully entertained a number of her friends yesterday at St. James park, near Dawson. The hours were from 2 until 8 o'clock. Cards and bowling were the principal diversions of the afternoon. Pedro and Eugene were the gamblers played. Mrs. J. J. Bell won the prize at Pedro and Mrs. E. E. Brallier and Mrs. James Smith the euchre prizes. The prizes were excellent pictures of St. James park. At 6 o'clock an elegantly appointed dinner was served.

Among the guests present were Mrs. Sue Jones, Mrs. N. A. Riet, Mrs. James Smith, Mrs. E. E. Brallier, Mrs. H. B. Moore, Miss Naysmith and Mrs. H. J. Bell of Dawson; Miss Margaret Snyder and Miss Stella Ogilvie of Vanderhill; Mrs. Alkan of Dayton, Fla., and Mrs. F. A. Tarr of Barnesville, O.

## OBSERVE THEIR SILVER WEDDING

Mr. and Mrs. Albert Kaffer Celebrate Event at Their Home at Dickerson Run.

In commemoration of their silver wedding anniversary Mr. and Mrs. Albert Kaffer entertained a number of their friends yesterday at their home at Dickerson Run. Mr. and Mrs. Kaffer are well known and highly respected residents of Dickerson Run and were united in marriage 25 years ago yesterday. Guests from all over the county commenced to arrive at 9 o'clock and at 11 o'clock the marriage ceremony was again performed in the presence of their many friends.

The guests then adjourned to the dining room where a well appointed chicken dinner of 30 covers was served. Mr. Kaffer is employed at the Pittsburg & Lake Erie car shops at Dickerson Run. In remembrance of the happy occasion Mr. and Mrs. Kaffer were presented with many handsome and useful presents.

## MISSISS WHITE MARE.

It Disappeared From Pasture on a Black Night.

UNIONTOWN, Aug. 25.—George Black of Waltersburg, is in Uniontown conferring with County Detective Alex McBeth concerning the disappearance of his white mare on a dark night. The horse wandered from the pasture Monday and has not been seen since. Black believes the animal has been stolen and the County Detective will take the matter up.

**Bankers Will Play.**  
John Barclay, banker, and John M. Jamison, senator, and "banker" of Greensburg, will play in the ball game at Bedford Springs this week.

## LAUD ROOSEVELT AT BIG CONSERVATION SESSION

Oregon Man Says 'He Founded' the 'System Which Should Be Maintained by All Means.'

United Press Telegram.  
SEATTLE, Wash., Aug. 26.—Former President Theodore Roosevelt was praised at the opening of the National Conservation Congress here today by Joseph N. Teal of Oregon, who delivered the opening address. Mr. Teal said President Roosevelt founded the system of conservation, which should be maintained. He also quoted the speech of President Taft at the meeting of the Governors in Washington, last winter, at which time Mr. Taft went on record as a conservationist.

Mr. Teal declared the convention problem a moral issue, and moral issues, he declared, are never settled until they are settled right. Conservation, he stated, means that the welfare of the whole people is to be considered, rather than the enrichment of a favored few.

With Appendicitis.  
Mrs. Ada Whipple is ill at her home on York avenue with an attack of appendicitis.

## PERSONAL.

Wanted, an elderly clerk room. One that understands alterations on suits preferred. Apply 207 North Pittsburg street next door to Featherman & Sumburg.

J. E. Monahan and family have moved their place of residence from Third street, West Side, to Greensburg, where Mr. Monahan is employed.

Mrs. Emma Braden, Mrs. Margaret Stouffer, Mrs. Layton Forsythe and daughter, Miss Ruby, of Dawson were the guests of Mrs. Edward Swaney, of Greensburg, yesterday.

Mrs. George Hite and daughter, Miss Emma, of North Pittsburg street, have returned home from a month's visit with relatives at Bellevue.

Mrs. Etta Stichel is the guest of friends in Uniontown.

Mrs. George Beall and son of Pittsburg, are the guests of Mr. and Mrs. James Ann Child of Pleasant Level.

Miss Blanche Buttermore of Latrobe, was the guest of her grandparents, Squire and Mrs. E. M. Buttermore, of the West Side, yesterday.

Mr. and Mrs. George Reed of Pittsburg, are on a visit to relatives. Mr. Reed is a well known E. & D. engineer and formerly resided in Connellsville.

Mrs. Joseph Dixon of Pittsburg, is visiting her sister, Mrs. D. J. Hoover.

Miss Nellie Byner went to Pittsburg yesterday to visit friends and relatives for a week or more.

Miss Lulu Storey of Latrobe is visiting her parents, Mr. and Mrs. John Storey, of North Pittsburg street.

Mrs. Savilla Eitner went to Pittsburg yesterday to visit friends for several days.

ADVERTISING.  
THE DAILY COURIER is the only  
daily newspaper in the Connelleville  
coke region which has the honesty and  
courage to print a daily report under  
each of the exact number of copies it  
prints for distribution. Other papers  
put forth some extravagant claims, but  
furnish no figures. Advertising rates  
on application.  
THE WEEKLY COURIER is the  
recognized organ of the Connelleville  
coke trade. It has special value as an  
industrial journal and an advertising  
medium for such interests.

SUBSCRIPTION.  
DAILY, \$5 per year; in per copy.  
WEEKLY, \$1 per year; 5c per copy.  
PAY NO MONEY to carriers, but only  
to collectors with proper credentials.  
Any irregularities or delinquencies in  
the delivery of The Courier to homes  
by the carriers in Connelleville or our  
agents in other towns should be  
reported to this office at once.

THURSDAY EVE'G, AUG. 26, 1909.

## THE GUARANTEE FUND AS A TOWN BOOM.

The suggestion that a canvass be  
made of the Connelleville business  
men, for the purpose of securing suf-  
ficient subscriptions to insure the pay-  
ment of the expenses of the Chamber of  
Commerce, is good enough as far as it  
goes, but it does not go far enough.  
The Chamber of Commerce should be  
provided with rooms and a paid  
secretary as part of its necessary  
equipment. The cost of these is com-  
paratively small, comparing with their  
importance.

What the Chamber of Commerce  
needs most is a Guarantee Fund under  
the Williamsport plan for the purpose  
of dealing in a businesslike manner  
with new industries seeking location.

In the absence of any such fund a  
new industry seeking aid comes to  
Connelleville and gets nothing, simply  
because the individuals who should  
bear the burden pass it on to their  
neighbors in the hope that somebody  
will carry the load and thereby carry  
the interests of the person refusing to  
subscribe.

This feeling is entirely too univer-  
sal in Connelleville.

The only manner in which to ap-  
proach the situation successfully is  
for the business and property inter-  
ests to agree among themselves to be  
responsible for the proposed Guar-  
antee Fund in equitable proportion to  
their interests. In this manner the  
fund will always be available and each  
citizen will have contributed his fair  
proportion.

There will be neither delay nor  
heartburning.  
Connelleville, we repeat, has passed  
the putting point. To make busi-  
ness, and to retain it, Connelleville  
must do business on business lines.

## HOW TO ABOLISH THE GARBAGE DUMP.

The Health Officer complains that  
some Connelleville people unknown to  
him are surreptitiously dumping gar-  
bage within the borough limits to the  
serious danger of the public health.  
They will continue to dump their  
garbage any old place that may be  
convenient and cheap so long as the  
present system of garbage removal  
obtains in Connelleville.

This complaint further demonstrates  
that there will be no proper and thor-  
ough garbage removal, no complete  
sanitation with respect to garbage, un-  
til the borough adopts the plan, re-  
peatedly suggested and elaborated in  
these columns, of having the garbage  
removed at public expense and dis-  
posed of in the same manner.

So long as the citizen has to pay  
personally for the removal of his gar-  
bage he will seek to avoid the expense;  
but when the work is undertaken at  
the public cost the citizens who now  
strive to hide their garbage to avoid  
collector's charges will be the most  
eager to have it promptly removed.  
It's human nature.

The complaint of the Health Officer  
may or may not prove that he has been  
lacking in vigilance, but it is appar-  
ent that one man cannot watch the  
whole town, and the Health Officer  
might be ever so vigilant and not suc-  
ceed in stopping the unsanitary prac-  
tices complained about.

There is, we repeat, only one way  
to stop them, and that is the way  
described.

## THE DIAMOND SCRATCHERS.

Complaint is made that the plate  
glass windows of some of Connelleville's  
best buildings are being scratched  
up by diamond rings or glass cut-  
ters.

It's most likely by the rings. Some  
people who wear diamond rings are  
crazy to have everybody know the  
fact; and to demonstrate to their own  
satisfaction that the diamonds are  
genuine they love to scratch glass with  
them when not admiring them or oc-  
casionaly exhibiting them to an ad-  
miring public.

Blessed are the poor editors. They  
have to do diamonds to worry about not  
to scratch with.

Gorman township's school authori-  
ties are going to add agriculture and

science to the curriculum. The farm-  
ers of Gorman township want their  
sons trained to scientific farming, and  
they are wise in doing so. The farm-  
ers are realizing that "book farming,"  
as it was once scornfully called, is a  
vast improvement over some of the old  
methods. Scientific agriculture has re-  
moved a good many of the serious  
troubles of the farmer.

The sewage disposal orders grow in  
volume. The streams of the country  
may yet be fit to look at if the State  
goes one step further and forbids the  
drainage therein of other extraneous  
and polluting matter.

The Meyersdale robbers are making  
it pretty expensive for the B. & O. The  
latter will have to make a clean-up or  
be cleaned out.

The Mount Pleasant glass house  
strike is a boyish affair, but notwith-  
standing very serious.

The Indian Creek Valley cows have  
not yet become acquainted with the  
railroad.

The coke region delegates to the  
American Mining Congress will not buy  
any Gold Bricks at Goldfield.

The bloodhound is not always a  
good scout, but the Health Officer  
knows a decaying dump when he smells  
it.

Bulls are often dangerous, but the  
kind-faced, soft-eyed cow has never  
been suspected of being rancorous,  
and the particular cow complained  
about must, we conclude, have been  
possessed with the devil.

Kerosene is dangerous enough above  
ground without introducing it to gas-  
eous mining conditions.

The Irwin district is getting next to  
the Connelleville coke region.

The Holy Rollers have rolled out of  
the West Side four much experience  
and we will hope some grace behind.

General Weyler wants to fight the  
Mothers. If the war against Spain's  
dark-skinned foe is to be one of ex-  
termination, Butcher Weyler is the man  
to do the job. Butchering is his special-  
ty.

The insurgent element is popping  
away at the Congressional Cannon, and  
there will be a thundering four pretty  
soon.

It has been officially determined that  
a woman may be a common nuisance.  
Women should ponder over this case  
and resolve to avoid being placed in  
that position.

Amateur theatricals threaten to ab-  
sorb the attention of local society and  
develop some unsuspected stage talent.

The Fowler who was ensnared takes  
it ill.

That Kansas City incubator baby  
begins life rather suddenly, strenuously  
and unceremoniously.

The postal savings bank idea won't  
down.

If the Government will be just as  
anxious to punish disorder and vio-  
lence at Schoenerville as well as possible  
people will be satisfied.

Hartman is ordered off the job.

Local building and loan associations  
are all right so long as the officials are  
honest, but no longer.

The business interests of Pennaylv-  
ania urge an income tax now that  
they see a pretty possibility of their  
having to pay the tax on corporations.

South Connelleville's military indus-  
try is doing some though it doesn't  
make any loud noise about its operations.

Somerset has lost one of her indus-  
tries by fire. Somerset's industries are  
so few that they ought all to be in-  
sured to the full limit.

The Human Birds are just trying  
their wings, and the more they practice  
the higher they soar.

The scientists are hoping for a mes-  
sage from Mars, but the chances are  
that it will be delayed in transmission.

School days are looming largely and  
darkly up in the juvenile horizon.

The Galley Family always have a  
Golly Time at the reunions.

There is no danger of this fall's  
blackest blizzard getting away from the  
water. It's too bulky to be overlooked  
or mislaid or lost.

Greene county still sticks to the  
soil and to cattle. Its coal and rail-  
road improvements are not yet ripe.

A root beer jug maybe a root of  
evil, but its existence is a matter of  
much doubt in the minds of scientific  
people.

The compulsory arbitration act has  
been declared to be unconstitutional by  
the courts, and the decision is not at  
all surprising. A man cannot be com-  
pelled to make a bargain against his  
will.

Washington county has a Controller.  
The Republicans over that way are  
enterprising officeholders.

The Bell Telephone Company is  
plugging into West Virginia.

The Young river still contains some  
game fish, and there is no good reason  
why it should not be full of them. A  
little propagation and some care would  
keep the river alive with the flannel  
tribe and a source of subsistence  
well as of sport to the dwellers along  
its banks.

Wisdom For Hot Weather.  
As a man thickens, so is he  
heated.  
Constant fuming wears away  
the shell.  
Take plenty of fresh air and  
salt water.  
Fanning drives away the heat  
and brings more to the fanter.  
Some folks get all heated up  
working so hard to keep cool.  
Don't run to catch a street car.  
The next one will be cooler.

President Taft has commenced the distribution of Connus jobs—News Item.

## WASHINGTON CORRESPONDENCE.

United Press Special.  
WASHINGTON, Aug. 26.—The  
earth is a pretty big subject to handle  
in a little volume of less than two  
hundred pages, and maybe because  
it's such a round theme, so as to  
speak, big, fat, rotund, circumlocutory  
words aren't out of place, but never-  
theless and notwithstanding, the  
book that the average reader gets  
when he opens a publication on Moth-  
er Earth issued here by the United  
States Coast and Geodetic Survey is  
something awful.

The title of this little handbook is  
"The Figure of the Earth and Its  
Outline from Measurements in the Uni-  
ted States." The isostasy part of it  
sounds convincing, and if the reader is  
curious, no can delve deeper into  
its pages and learn some impressive  
truths.

For instance, the following little  
statement is a gem of clear, concise  
English in A, B, C, C language that  
must firmly imprint itself in the lay  
mind.

"The logical conclusion from the  
study of the geoid contours for the  
United States, taken in connection  
with the fact already noted that the  
computed topographic deflections are  
much larger than the observed deflec-  
tions of the vertical, is that some in-  
fluence must be in operation which  
produces an incomplete counterbal-  
ancing of the deflections produced by  
the topography leaving much smaller  
deflections in the same direction."

Or, if this isn't lucid enough, here's  
another.

"The problem at present under con-  
sideration is that of constructing the  
contour lines which will represent the  
relaxation of the irregular geoid to  
the regular ellipsoid of revolution

## DUNN'S CASH STORES.

129, 131 and 133 N. Pittsburg Street,  
CONNELLSVILLE, PA.

WEATHER FORECAST.  
Western Penna. Partly cloudy,  
probably showers; fair Friday; mod-  
erate southwest and west winds.

## SPECIAL ORDERS.

Most suit departments fight shy  
of special orders. We try to avoid  
them ourselves in the middle of  
the season. It is so hard to give  
a special order the attention it  
must have, when suit manufac-  
turers are rushed with orders and  
helped hand with their work. Just  
now is the time if you require a  
special order to get that attention  
that a special deserves. During  
the next two weeks or so we pay  
extra attention to these special or-  
ders and we can promise that  
there will be no delay in the de-  
livery of the special.

## New Suits.

Have you had a look at these  
new suits we are showing. If so  
what do you think of the prices  
at which they are marked? How  
about those at \$25. This week we  
want to talk price and talk it as  
strong as we know how. We want  
to do a big suit business this fall.  
Larger than we have ever done in  
years past. Intend to merit this  
increased business by showing you  
suit values that you cannot afford  
to pass, if you have a suit want.  
Those suit values will come about  
by right buying and by our mark-  
ing these suits on the very nar-  
rowest margin of profit possible  
for this store to mark them at and  
do business. Having the right  
kind of suits and marked to sell  
in this way it is just a question  
whether you will come and get ac-  
quainted with this suit stock and  
we believe that you are just as  
much interested in these extra  
values as we are and we believe  
you have enough confidence in  
this store to know that we would  
not make statements such as this  
unless we had the suits here and  
at prices such as we have talked  
about above. We expect a good  
many women in to look over these  
suits the coming week. Will you  
be among them? Our invitation  
says whether you wish to buy now  
or later here or elsewhere you'll  
be welcome.

## New Carpets and Rugs.

Fall Rugs and Carpets are  
nearly all here now and we'll be  
glad to have you see them. Call  
special attention to this showing  
of Body Brussels and Velvet Rugs  
in 9x12 sizes. New patterns and  
new colorings and priced at \$25,  
\$27, and \$30. Designs and color-  
ings that we believe will please  
you and we guarantee the quality.  
Ask your neighbor about this car-  
pet department if you don't know  
for yourself. Somebody else's op-  
inion of the kind of carpet we have  
sold in years past and that we  
have here now may help save you  
some money on your carpets. We  
have sold enough carpets in this  
vicinity for it to not be hard for  
you to find out all about them.

you get the best for your money. Come in and see some of the  
new shoes we sell at \$2.50, \$3.00 and \$3.50.

## NORRIS & HOOPER

104 W. MAIN STREET.

## 4,000 TO PICNIC FROM SCOTSDALE.

American Sheet & Tin Plate  
Outing Biggest One  
of Town.

GO TO IDLEWILD SEPTEMBER 11

Sixty-five Coaches or Six Trains Will  
Be Necessary—Company Engages  
Four Bands of Music and Will Take  
Boys of the Mills Free.

SCOTSDALE, Aug. 26.—What holds promise of being the biggest and greatest picnic ever to go out of Scottdale, and which has been planned by the employees of the American Sheet & Tin Plate Company, and joined in by the company to the extent of employing three bands of music and paying the way of all the boys working in the mills, will be an event of Saturday, September 11. The picnic will be held at Idlewild park.

Agent G. M. McCracken of the Pennsylvania railroad said last evening that the response received in reply to cards sent out by the mill men's committee indicated that it will be necessary to have 65 passenger coaches for use that day, or six trains to carry the people, something that has never before been attained in crowds here. Superintendent H. M. Davis of the mill company, who is taking an active interest in the picnic and also that the indications are that there will be 4,000 people attend the outing, which will be the first one to be held by the mill people.

There are over 700 men employed at the Scottdale and Old Meadow plants of the company, and a large number of these wanted to go on the recent outing given by the merchants and business men of Scottdale and Everson, but their day being a Wednesday it was impossible to close the mills down for the outing. The merchants were unable to secure any other date at the time, and so they had to go without the mill men.

At that time the mill company said that they would arrange that all their men should have a picnic, and a Sunday was selected at the park, and the movement began. A committee consisting of John G. Tedrow, Charles D. Reid and Burness McFarland took up the matter and began sending out cards to ascertain about how many would likely attend. The responses were surprising and seemed universal with those that received cards, some replying that they would have as high as 10 people for the outing. The transportation committee of course does not limit the crowd to those that received cards, the latter were only sent to learn the probable number going, and all are invited.

One of the features of the day will be the music. The mill company is bringing over from Morgantown, West Virginia, a big band of Welsh jubilee singers that will render some attractive music. They have engaged the Scottdale Grand Army Band of 30 pieces and the Scottdale Volunteer Fire Department's Musical Band, to accompany the picnic. For string music they have engaged the Moore orchestra. The company is paying for all their attractions which will be the most expensive. The employees will furnish free coffee, lemonade and orangeade to those that go, and will look after the amusements.

There will be athletic events during the afternoon and a feature will be the baseball game between a team from the Scottdale plant and the Old Meadow plant, which ought to be drawing, since there are members of the Firemen's and Pipe Mill teams of the City League in each team, and each one will be strong. It is understood that some of the merchants will donate prizes for athletic competition.

The day will be one of general closing up of the business places of town. The United States Cigar and Pipe & Foundry Company, the Crescent Cigar Company, the H. C. Frick Car Shop and the Scottdale Foundry & Machine Company, it is said will all close down and go with the picnic. There will also be a representation from the Scottdale Furnace although it is impossible to close it down like the other plants.

The loading of the trains will all be done on the siding, the mill company siding and the pipe mill siding being capable of holding four trains, while other trains will be run on one of the sidings back of the marble shop. Thus the people will have time to get into the cars and get comfortably seated at their leisure with no unpleasant rush and jamming at the station. The first train will leave at 9 o'clock and the others at regular intervals of probably 10 minutes after. The fare will be 25 cents for adults and 50 cents for children. Trains which will be announced later will make stops at Alverton, Fair and East Greensburg. At the last place over 100 people have already signified their desire to accompany the Scottdale people to Idlewild. At the park there will be plenty of amusements and arrangements will be made to carry the lunch baskets checked, so that they will be no trouble to the people going.

## PATENTS MINER'S CAP.

To Be Worn in Electrically Equipped Mines.

An important invention for mining circles has been made by Thomas M'Pherson, mine foreman at Yatesboro, Armstrong county.

The invention is in the nature of a cap for the protection of miners working in mines where electric food wires are used to run the motors. This invention makes it impossible for a miner wearing one of these caps to be shocked by coming in contact with the live wire, and it also prevents his lamp from burning his head. Three patents, covering features of the cap, have been granted to Mrs. M'Pherson, in whose name the application was made.

## A WEEK OF DRAMA AT THE SOISSON

The Favorite Keyes Sisters Open  
Next Monday For The  
Entire Week.

Commencing next Monday night the popular Keyes Sisters Stock Company with Helen and Dot Keyes, Chester A. Keyes, Vivian Varney, Milton H. Byron and a strong supporting company will open for an entire week in the beautiful pastoral play "A New England Romance." This company now carries a car load of special scenery and each play is a complete production. They have just closed a successful six weeks engagement in Uniontown and that city has been led in its praise of the company and the productions.

One of their new plays is the "Derby Winner," a race horse drama with aerial scene and the famous Wang-Doodle Band led by Mr. Chet. Keyes as drum major. Handsome souvenirs will be given to the ladies at the Wednesday night performance and a special effort is being made to give them beautiful and useful presents. Matinees are given Wednesday and Saturday and the prices for the night shows 10, 20 and 25 cents; the matinees 5 and 10 cents. This well known company should be greeted with a crowded house Monday night.

## AT SUNDAY'S MEETING CHARTER WILL CLOSE

Fully 60 Additional Names Are Expected  
to Be Added to Italian  
Club Roster.

Next Sunday will be the final date for the Italians of this community to enroll as charter members of the Columbus Independent Italian Club. It is expected that fully 60 new names will be added to the list during the meeting in Curtis hall, on Sixth street, next Sunday. At the meeting officers will be elected and steps taken to secure a charter. The following members expect to attend:

M. Rendine, F. Curtis, A. Rulli, P. Pepe, P. Pili, G. Pili, J. Rossi, F. Fumo, M. Fumero, M. Gombardi, C. Corrado, C. DePietro, D. Pozzani, A. Rulli, A. Durso, C. Giovannucci, V. Dollegatto, L. DiNardo, G. Canaro, E. Bonanni, E. DeLuca, S. Monagalli, P. Liguorini, M. Cuverello, Tony Randino, A. Scotti, L. Giorgio, S. Corrado, H. Randone, J. Corrado, C. Rensi, S. Coladonato, C. Taldino, M. Colarsene, A. DeFelo, and 90 others.

## THE REAL TEST

Of Herpicide Is in Giving It a Thorough Trial

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many fair visitors may look nice and small nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newb's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed by Graham & Company, special agents.

## ONE BONE BROKEN.

In 250-Foot Fall But Internal Injuries Cause Death.

New York, Aug. 26.—With a bad fall of bricks on his shoulder James Hogan stopped for breath almost at the top of the ladder, shifted his weight for an instant's rest and went whirling backward from the rim of a New York Central power house chimney to his death, 250 feet below.

His body struck on the power house roof and rebounded, slid to the yard of the plant. Curiously enough, only one bone in the left leg was found broken, but the ambulance surgeon said internal injuries caused instant death.

Would Open Ball Games With Sermon.  
Chicago, Aug. 26.—A sermon would be a fitting opening to each major league baseball game played on Sunday, according to Bishop Barton son of Rev. W. E. Barton, pastor of the First Congregational church, Oak Park. Barton says that the matter has been approved by both President Charles Murphy of the Chicago Nationals and Charles Ebbetts of Brooklyn.

## THIS SCOTSDALE MAN WEDS OUT IN MUNCIE

Benjamin S. Baldwin and Ursula  
Olevia Lawrence Wedded In  
Indiana—Other News.

SCOTSDALE, Aug. 26.—Reports received here say that on Wednesday, August 18, in the presence of the bride's relatives, was solemnized the marriage of Miss Ursula Olevia Lawrence of Muncie, Indiana, and Benjamin S. Baldwin of Scottdale, Pa. The bride is the daughter of the late Rev. and Mrs. J. D. Lawrence, at whose home the wedding took place. Miss Lawrence is one of Muncie's most popular young ladies, and the bridegroom is a well known young man of Scottdale. The bride was handsomely gowned in pale blue silk fashioned Empire, with trimmings of Irish lace. Miss-Belle Lawrence, the bride's sister, was bridesmaid, while the groom was attended by James Law once a brother of the bride, who gave her away. On account of the recent death of the bride's father, the marriage was a quiet affair. The young couple will make their future home in Muncie.

Vets on Picnic.  
The members of the Grand Army of the Republic went in B's big transport wagon to the Mt. Vernon area picnic to hold their picnic today. The weather was not so propitious this morning, but the vets evidently thought that fellows who fought in muddy trenches and plowed themselves in the furrows of ploughed fields back in '65, might still enjoy a day out in the woods, particularly when they had a covered wagon to protect them from the rain. Quite a number of the ones who were here last year for the annual outing have since that time answered the last roll call.

Property Transfers.  
Among local property transfers recorded in the Westernland county Recorder's office during the last few days are: H. C. Brown, lot in Scottdale to J. G. Kuhns for \$1,500, May 22, 1907; J. G. Kuhns, lot in Scottdale to Elizabeth Shaffer for \$1,850, August 19, 1909; J. C. Smith, lot in Scottdale, to S. W. Blerer, for \$600; August 17, 1909; Jos. C. Smith, lot in Greensburg, to S. W. Blerer, for \$1,000, August 17, 1909.

## SEVENTIETH ANNIVERSARY.

D. S. Bailey, Well Known West Newton Man, Is Surprised.

In honor of his seventieth birthday anniversary, D. S. Bailey, a well known resident of West Newton, was tendered a very pleasant surprise at his home yesterday. The affair was well planned by his daughters and all the details were cleverly carried out. About 30 friends and relatives of Mr. Bailey were present to assist in the celebration of the happy event. At noon the guests assembled in the dining room where an elegantly appointed dinner was served. Before returning to their respective homes a picture was taken of the entire group.

Among the guests present were Mrs. H. Kern and family, of East Junction; Mrs. T. E. Herrington and children, Marion, Haddie, William and Theodore of Pennsylvania; Mrs. J. M. Moore and family, of Mt. Braddock; Mrs. Ella A. W. Herrington and daughters, of Brownsville; Mrs. J. S. Smith and family of Everson; Mrs. S. G. Baster and son Frank, of West Newton.

## URNS DOWN MATRIMONY

Philadelphia Chances Valuable Estate Rather Than Marriage.

Philadelphia, Aug. 26.—In order to comply with the terms of his brother's will, which required him to remain a bachelor, William Taggart of this city announced that he would give up an intended marriage and will thereby receive a legacy of \$10,000 and valuable ranch lands in California.

Taggart made the announcement after he had received word of the bequest from an attorney in Chicago, Cal. The estate originally belonged to an uncle who died many years ago, leaving the property to David S. Taggart, a brother of William, on condition that he remained unmarried.

## 75 WARSHIPS TO PARADE

In Coming Hudson-Fulton Celebration at New York.

Washington, Aug. 26.—The naval demonstration at the coming Hudson-Fulton celebration at New York promises to be a notable one, the expectation now being that about seventy-five vessels of American and foreign navies will be present to participate in the naval parade. More than fifty vessels of the American navy will be available and will be ordered to participate in the celebration.

For the first time in history, according to the naval officials, there will be a parade of marines and blue-jackets in the Bronx.

## W. C. T. U. CONVENTION.

Of Fayette County To Be Held September 16 and 17.

Extensive arrangements are being made for the W. C. T. U. convention of Fayette county to be held September 16 and 17 at Fairchance. The first session will convene at 10:30 o'clock and all unions in the county are requested to send delegates to the convention. It is the desire of the committee in charge that all unions report to them what is being done by the various unions towards assisting in the coming convention. All are requested to bring their lunch for the first day.

## CIRCUSES.

The Old and the New and the Great—east Drawing Card.

Before the one-day days and going back a few centuries the circus was represented in the person of a mountebank; this changed, then shaven men who latched his trapeze to the sturdy limb of a village oak and did feats to the ill concealed amazement of a people who respected God somewhat, but the devil and his black magic a great deal more.

At long and high jump this—from mountebank to modern hippodrome, from a man who lived under his but to a tented city which houses as many as 25,000 people in one day and regularly furnishes food shelter and transportation for 1,200 more to say nothing of a hospital, a postoffice and a commissary, where one can purchase almost anything from a postage stamp to a suit of overalls.

The big show today is as highly specialized and developed as any of our greatest business institutions. Its cost is enormous—costs a thousand dollars no more. Yes, it's a long jump from the mountebank; but, after all, things haven't changed so much in some ways.

A man who was running a trick pony and dog show last year added a "thriller" to his program in the way of a dangerous flying trapeze act. To the delight of his pockets, but the intense disgust of his trainer's soul, the door receipts almost doubled. He had two men at the door one night who asked the show they liked best—the trick animals or the acrobats. They answered as one, "The acrobats!"

Danger—danger to other human lives and limbs—that's the drawing card, after all, excepting only the children who are too young to be gory minded and who find most delight in the clowns. We growups like the "thrillers"—the more deadly the better. —William Allen Johnston in Harper's Weekly.

## WHAT HE WAS TELLING HIM.

An Incident That Ended the Conversation at the Barber's.

"You say very bald, sir," said the barber to little Blinks as the latter took up his position in the chair.

"What's that you say?" asked Blinks pleasantly.

"I say you are very bald, sir," repeated the barber.

"Who is?" asked Blinks.

"You, sir," said the barber.

"What paper did you see that in?" demanded Blinks.

"What's that, sir?" asked the barber.

"What newspaper?" repeated Blinks. "I read all the papers, but I didn't see any reference to this. Was it in one of the early editions of the evening papers?"

"Was what, sir?" queried the puzzled barber.

"This thing you were just telling me," said Blinks.

"Why, I don't remember telling you—began the barber.

"About my being bald, you know," said Blinks. "You said I was very bald, didn't you?"

"Yes," said the barber, "but I didn't mention the newspapers, sir. Why should it be in the newspapers, sir?"

"Why, because it's news, isn't it?" said Blinks.

"Well, if it isn't news, what in thunder did you tell me about it for?" demanded Blinks. "I supposed you had read about it in one of the papers and had reached the conclusion that I didn't know it if you said a word under my left ear while shaving me, but it is news, plain and you may omit all mention of the fact that my beard is getting gray. I am trying to stare off a realization of the."

But just then the barber accidentally ran his lateral brush over Blinks' mouth, and the conversation ceased.—Lippincott's.

The Mechanical Choir.  
"I hear that your church has installed a photograph stuffed with sacred music?"

"Yes," said the barber, "but I didn't mention the newspapers, sir. Why should it be in the newspapers, sir?"

"Why, because it's news, isn't it?" said Blinks.

"Well, if it isn't news, what in thunder did you tell me about it for?" demanded Blinks. "I supposed you had read about it in one of the papers and had reached the conclusion that I didn't know it if you said a word under my left ear while shaving me, but it is news, plain and you may omit all mention of the fact that my beard is getting gray. I am trying to stare off a realization of the."

But just then the barber accidentally ran his lateral brush over Blinks' mouth, and the conversation ceased.—Lippincott's.

The Difference.  
Stubbornness is fighting to have in a certain way what you want. Strengh of purpose is getting in the most convenient way that presents itself what you desire.—Chicago Record-Herald.

## THE DAY HE SELECTED.

When Mr. Gladstone was alive he was once discussing with some friends at Hawarden castle the greatest day in the world's history. Each member of the group was asked to say on which day he, in the past or the future, would prefer to live, it being supposed that he should have his present knowledge, and afterward return to his present existence. Mr. Gladstone chose a day in Greece when Athens was at its highest glory.

## NOT LIKE HIM.

The Vicar—I'm surprised at you, Miggs. Why look at me. I can go into the town without coming last in the world's history. Each member of the group was asked to say on which day he, in the past or the future, would prefer to live, it being supposed that he should have his present knowledge, and afterward return to his present existence. Mr. Gladstone chose a day in Greece when Athens was at its highest glory.

The worst feature about nailing a lie is that you are so apt to hammer your fingers.—Puck.

## As Strange as Fiction.

As True as Gospel—Proofs Not Wanting.

I give out this report for publication because I feel it my duty to society. For over fourteen years I was as invalid. I suffered so much that I often prayed for death. I spent over twenty thousand dollars in search of health, was treated by many prominent doctors and visited a number of watering places but was growing worse all the time. Last summer I heard a great deal of Root Juice talk and I made it my business to investigate every reported cure. I was at last so well satisfied that I bought one dozen bottles. I had suffered so long that I felt I would not get any good out of a small amount and as I decided to give it a trial, I determined to try it right. I do not know what my disease was, as every doctor diagnosed my case differently. I can only give the symptoms, and they were numerous. My appetite was good at times and at other times I had no appetite. At times I would blurt out in my throat especially in the morning; my breath was always bad, I had a burning sensation in my stomach most of the time my kidneys gave me a great deal of trouble. I would often have to get up fifteen or twenty times during the night. I was constipated at times and at other times my bowels were too loose. I nearly always had a dull, heavy headache. After taking half a bottle of Root Juice I noticed improvement. I used six bottles before I stopped. All my friends in Peoria know just how I was and I want the world to know how I am now. I eat well and sleep well, there is not an ache in my body. What a glorious gift is health, and I am happy to say to the world Root Juice gave me mine. A. J. Donovan, Peoria, Ill.

The great Root Juice is sold for one dollar a bottle, or three bottles for five dollars, and a half at Graham & Company's drug store.

DESPERADO FELS JAILER  
Fellow Prisoner Gives Alarm and His Escape Is Prevented.

Harrisburg, Pa., Aug. 26.—Albert Kinert, the Perry county desperado, called Sheriff T. C. Charles into his cell in the New Bloomfield jail "to look at the lock."

As the sheriff stooped to examine the lock Kinert struck him a crushing blow with his fist. The sheriff reeled over and in so doing hit his head against the iron bars of the door and fell to the floor of the cell unconscious.

Kinert was just in the act of removing the jail keys from the pocket of the prostrated officer when Edward Bumgartner, a fellow prisoner, sounded the alarm. Help came in time to prevent Kinert's escape. The sheriff soon recovered.

URGENT AN INCOME TAX  
Pennsylvania Retail Merchants Pledge Themselves to Support Movement.

Pottsville, Pa., Aug. 26.—Declaring their organization favorable to an income tax and pledging its support and the support of individual members to the effort to change the federal constitution to accomplish that end, the Pennsylvania Retail Merchants' association passed resolutions endorsing this movement.

It was asserted by speakers that the adoption of the income tax would mean free wool and free cotton, reducing clothing 20 per cent and otherwise bringing about reduced duties in other articles of common use. Butler was chosen as the convention town in 1910.

The Part That Never Changes.  
"What a very affecting part, my dear," remarked the husband as they returned from the suburban theater the other night. "I suppose there wasn't a dry eye in the house."

"I observed, however," said the wife, "that there seemed to be the usual number of dry throats."—London Tit-Bits.

## TAFT TO URGE POSTAL BANKS.

President Will Ask Congress to Take Early Action.

### SAYS MILLIONS WILL COME OUT

While Chief Executive Does Not Propose to Rush Congress, He Will Ask That Republican Platform in Favor of Postal Banks Be Fulfilled.

Beverly, Mass., Aug. 26.—President Taft indicated in talks with callers that in his message to congress next December he will strongly urge the early establishment of a postal savings bank system. The president realizes that there is strong opposition to such legislation at this time, and while he does not propose to rush congress on too many matters at once he will ask that the platform declaration of the Republican party in favor of postal banks be fulfilled as speedily as possible.

Influential members of both the senate and house are urging that the matter be left over until the monetary commission has made its report and ensuing financial legislation has been disposed of. It has even been said that the relation between the subjects to be dealt with by the monetary commission and the postal banks is so close that the two should be handled together.

Hundreds of Millions Expected. President Taft believes that several hundreds of millions would be placed at the disposal of the government through postal savings banks. It is suggested that this money might well be employed in taking up the \$600,000,000 or \$700,000,000 of the government 2 per cent bonds which are outstanding and which have given much concern to the treasury department officials. Already the 2 per cent bonds are selling below par and there is fear of further depreciation in view of 3 per cent issues which have been authorized and which soon may be placed on the market.

The money which postal banks would draw, the president believes, is that which is sent abroad each year by foreigners who insist that the government's guarantee shall be back of any bank in which they place their hard earned savings and that which is secreted in stockings and mattresses and not sent to any bank at all. The president believes that the postal banks would appeal only to those timid persons who are afraid to trust the ordinary banks and who would rather get the 2 per cent or less interest which the government would give than to place the money in the regular savings banks where it would draw from 3 to 4 per cent interest each year.

No Harm to Established Banks. By placing the interest to be allowed by the postal banks at less than 2 per cent Mr. Taft is convinced that no harm would be done to the ordinary banks of commerce for discriminating persons who now place their money in these banks and are appreciative of what these banks are doing for the community would not withdraw money drawing a high rate and place it under government care at half the interest offered by the ordinary savings bank.

President Taft expressed himself again, as he did so often during the campaign of a year ago, as being unalterably opposed to a guarantee of bank deposits. Mr. Taft said that he did not believe in making one set of bankers stand responsible for another set and he does not think that the national government or states should undertake to extend a guarantee to institutions which are not under direct or government control and direction.

### CRABTREE REMONSTRATES

When His Mother Starts Story of His Childhood.

Omaha, Aug. 26.—"Don't, mother, don't say anything! You have said too much already. You will disgrace the whole family," screamed Eddie Crabtree, formerly corporal of Troop B, Second United States cavalry, when his mother took the stand at the court martial to testify in support of the insanity plea by which the defense hoped to prevent his execution for the killing at Fort Des Moines of Captain John C. Raymond, his company commander.

Crabtree, in spite of his guards, sprang to his feet when his mother's testimony as to his childhood began, and it was finally necessary to take him from the room until he became quiet.

### FASTED FIFTY DAYS

Dr. Schmidt Lost Weight But Says He Is Stronger.

Lake Hopatcong, N. J., Aug. 26.—Dr. Otto Schmidt, who has abandoned the practice of medicine because he lost faith in the efficacy of drugs, announces that he has gone without food for fifty days and while he has lost weight he has gained strength. Dr. Schmidt has gone without food on a number of occasions, once for twenty-three days. He prescribes starvation as a cure for many physical ills. He has now broken his fifty-day fast by eating a small plate of rice soup.

## LAWYERS WANT BABY.

Judge Must Decide to Whom Little One Belongs.

Kansas City, Mo., Aug. 26.—James Barclay of Buffalo, N. Y., husband of Mrs. Stella Barclay, arrived to help his wife in her fight for possession of Marian Blackley, the kidnapped "incubator" baby. He went immediately to the police station, where his wife, foster-mother of Marian, is awaiting the outcome of the tangled mass of circumstances arising from her kidnapping of the child from Mrs. Charlotte Blackley, the mother, in Topeka last Sunday.

Barclay would make no statement other than to say that he would see the case through. Mrs. Barclay asserted that the child was the daughter of an actress and not the offspring of Mrs. Blackley.

The five-year-old child, who has been kidnapped twice in her short life, once by Mrs. Barclay and once by Mrs. Blackley, was ordered placed in the custody of the clerk of the juvenile court until Sept. 7, when Judge Porterfield will endeavor to decide to whom she legally belongs.

Fourteen lawyers struggled in court for the baby. The arguments were heated, involving many intricate law points. But through it all the child played with Mrs. Blackley's handbag and laughed at the earnest attitude of the men before the bar.

### WILL BE APPEALED

Missouri River Rate Case Certain to Go to Supreme Court.

Washington, Aug. 26.—It is regarded as certain that the Interstate Commerce commission will take an appeal to the United States supreme court from the decision of the United States circuit court at Chicago, in the Missouri river case.

Judge Clements is the only member of the commission now in Washington and no opportunity has been afforded the commission since the decision was handed down to confer about the case. Attorneys of the commission who had charge of the preparation of the case have not received yet the complete opinion of the court and until that has been examined carefully no determination as to the course of procedure will be outlined. It is the unanimous opinion of the commission's attorneys that the supreme court will reverse the decision of the circuit court.

### IN PERFECT SECLUSION

Harriman Practically Isolated in His Mountain Home.

New York, Aug. 26.—Two thousand feet above the sea level at his country estate near Arden, N. Y. Edward H. Harriman is resting in seclusion. Shielded from business cares, barred from visitors, practically isolated in his mountain home, he disappeared from the public eye in a manner no less dramatic than his display of grit upon his arrival from Europe.

With the click, click of the automobile railway that bore him seated in an automobile to his lofty home, he was whisked from view like a stage marionette in a toy town. Then the curtain dropped and news of E. H. Harriman almost ceased.

### NOT SUCCESSFUL

Man Attempts Double Suicide by Shooting and Drowning.

Pittsburg, Aug. 26.—Firing two shots into his mouth, a man thought to be Mike Pevius, thirty years old, leaped into the Allegheny river. He is at the Allegheny General hospital in a critical condition.

Some men working nearby heard the shots and a skiff was put out from the shore. Pevius was unable to talk on account of the bullet wounds and wrote his name and address on a slip of paper. One bullet lodged in the roof of his mouth and the other passed through the tongue and took a downward course. He was well dressed, but had no money or papers in his pockets.

### PUSHED OVER CLIFF

Ledge Saves Woman From 200-Foot Fall—Escapes With Bruises.

New York, Aug. 26.—A narrow ledge fifteen feet below the top of a 200-foot cliff on the palisades, near Hoboken, saved the life of Mrs. Mary McGuire of Hoboken when she was hurled over the precipice.

A policeman who heard her call lowered a noosed rope which the woman slipped under her arms and by which she was drawn to safety. She said she was seized from behind and gagged by a man, who then pushed her over the cliff. The police are looking for her husband, with whom she recently quarreled. Mrs. McGuire escaped with a broken wrist and several bruises.

### NEW RECORD BY TROTTER

Hamburg Belle Does a Mile in 2:01 1/4 in Race at Cleveland.

Cleveland, Aug. 26.—In one of the most marvelous exhibitions of speed of the present racing season at the Handicap race track Hamburg Belle, the Kentucky mare, not only defeated Urban, the New England gelding, in two straight heats in their first trotting match, but lowered her own record and broke two world's records.

Hamburg Belle cut a second and a half from her own best previous mark of 2:02 3/4. Then she broke the world's trotting record by going the first heat in 2:01 1/4. This was followed with a second record smashing exhibition when she went the second heat in 2:01 1/4, thus establishing an average of 2:01 1/4 for two heats.

## FLIES NEARLY THREE HOURS.

French Aviator Beats the Record Made by Wilbur Wright.

### BATTLES WITH RAIN AND WIND

M. Paulhan Makes Wonderful Flight in His Aeroplane at Aviation Field at Rheims, France—Remains in Air Until Tank Becomes Exhausted.

Bethany Aviation Field, Rheims, France, Aug. 26.—Another sensational exploit was added to the marvels of aviation week when Paulhan, the plucky French aviator, broke the world's record in a wonderful flight of 2 hours, 53 minutes and 24 seconds. During twenty minutes of the time Paulhan had a heavy rain and wind storm to contend against. The previous official record for time in the air was 2 hours, 30 minutes, 23 1/2 seconds, made by Wilbur Wright at Le Mans.

When Paulhan finally came down it was because the fifty-six litres of essence, which he carried in his tank, was exhausted. He said, immediately after he landed, that both the machine and the self-cooling Gnome motor had stood up perfectly and that he could have continued indefinitely if the tank had been replenished.

Thirteen times he made the circuit of the course. Even when a shower accompanied by a high wind suddenly broke the intrepid pilot did not falter. He battled in the teeth of the rain and wind for ten minutes up one length of the course and the thrilled spectators watched the struggle against the elements in spellbound admiration. When he succeeded in rounding the turn the excitement and enthusiasm broke into a frenzied roar.

Excitement is intense. As the time approached when it was evident that he would beat the Wright record the excitement was intense and the crowds rushed out of the tribunes each time he passed, cheering and shouting words of encouragement.

It was dark when Paulhan appeared out of the blackness of night and descended gracefully in front of the tribunes. The fence was torn down in the rush to reach him, and he was borne on the shoulders of some of the most enthusiastic among the spectators, the crowd escorting him to the box of the Marquis de Polignac, president of the committee on aviation, to receive congratulations, and have his health drunk in champagne. Experts are greatly impressed with the exhibition of stability and regularity by Paulhan's machine. They are now divided into two camps on the question of the superiority of the Wright model. The cellular type has given an impressive display of its ability to fly in a wind and many are inclined to attribute this to the revolving motor which acts as a gyroscope.

### ADVANCE IS BEGUN

Spanish Troops in Morocco Glad That War Has Really Started.

Melilla, Aug. 26.—Expert opinion has been justified, as it has been found impossible to cut the Marchena canal under four months. General Marina, commander of the Spanish forces, is not waiting time in vain regrets and decided to commence the advance, which began at Restinga along the sea front in intense heat. The men, however, appear glad that the long suspense is ended and that the war has really begun. They displayed excellent spirits and are greatly encouraged by the presence among them of the Duke of Sarragosa and the Marquis of Vallecarlos, both of whom are serving as privates and are treated in every respect like the men.

The concentration of the whole army will occupy several days, and it is still uncertain when General Marina will start for the front. The commissariat is in good shape, but the water supply is a serious problem. Two ships for condensing water are hourly expected.

### MINERS FALL 1,500 FEET

Cage in Mexican Shaft Drops—Fifteen Killed.

Mexico City, Aug. 26.—A special dispatch from Matehuala says that fifteen miners were killed and thirty imprisoned by the dropping of a cage into the La Paz mine. The cable parted through failure of the brakes and the men dropped 1,500 feet. The cage was sent to the rafters of the shaft house and the strains snapped the cable.

Big Skin Grafting Operation. Salem, Ore., Aug. 26.—Miss Irene Martin, eighteen years of age, of this city, has just undergone an operation in which four hundred square inches of skin has been grafted on her body. Physicians declare this the greatest skin grafting operation ever performed.

Farmer Touched For \$3,500. Richmond, Ind., Aug. 26.—M. C. Lindsey, a wealthy farmer living near Economy, complained to the police that he had been robbed of a purse containing \$3,500 in notes. He thinks it was taken while he was in Richmond attending a circus.

## MILITARY PRISONERS.

How They Are Guarded at Gallienos. The Bull-Run.

The hardest duty that a soldier is ever called upon to perform in times of peace, and the duty which he dreads the most is the guarding of military prisoners. These are divided into two classes:

First—Garrison prisoners, who have received light sentences for minor breaches of discipline and will be returned to duty in a short time.

Second—Military convicts, who, for attempted desertion or other serious military crimes have been dishonorably discharged by order of a court martial and have received sentences varying from a few months to several years' confinement at hard labor, according to the gravity of the offense. Into their ranks the vicious element of those who hold their oath of enlistment too lightly eventually find their way.

Every morning at fatigue call the prisoners are drawn up in a long line in front of the guardhouse, and surrounded by a chain of sentries. The somber prison garb of the "generals"—military convicts were formerly known as "general prisoners"—is marked with a gigantic capital "P," which renders them conspicuous and therefore makes escape more difficult.

Some are evil looking fellows with long and unsavory records. Doubtless many have "done time" more than once in civil prisons before evading the watchfulness of the recruiting officer and finding their way into the army. Others are rosy cheeked lads who in all probability have yet to see their twenty-first birthday, and in nine cases out of ten the charge against them is desertion. Homelickness or restlessness under military restraint and discipline have led them into the rash act, the heavy penalties of which they may not have fully realized.

In groups of two and three, and guarded by sentries with loaded rifles, these men perform most of the disagreeable work and manual labor about the army post, which is highly varied in character and may consist of anything from sprinkling the flower beds on the officers' lawn to digging ditches for monster sewer pipes. Although they generally perform their enforced tasks cheerfully, occasionally a particularly disagreeable piece of work causes a miniature strike, and a dozen men may "back"—that is, refuse to work.

It is then that the historic "bull ring" is resorted to. A large circle is marked out on the ground, and the offenders are required to walk around its circumference in Indian file for eight hours a day, preserving absolute silence. A ten minute respite is allowed at noon for a bread and water lunch. A day or two of this treatment usually suffice to break the most stubborn will. If not there still remains solitary confinement on the bread and water, diet and as a last resort the dungeon.

The prison diet is by all odds the grimmest phase of the soldier's life. He may find himself standing guard over his best friend, with orders to shoot to kill should his man attempt to escape.—Youth's Companion.

### WHERE HE BLUNDERED.

A Cleveland lawyer tells a story about a Milesian welder of the pick who had been digging a trench for a gas pipe leading to a private residence—a one inch pipe.

Contemplating the excavation and comparing its capacity with the loose dirt he took out, he thought, "So this and he that" said he, "I'm thinking I'll not have room in the ditch for all the dirt on the pile, bad cess."

"But," said a bystander, "why not, Pat?"

"Sure," he made reply, "because I didn't dig it deep enough!"—Cleveland News.

### A Growing Love.

Mr. and Mrs. Married Bliss were both growing very plump, and every effort to reduce weight had proved fruitless and their discontent with their failure was pathetic.

"It is too bad," said a mutual friend to a sympathetic physician. "The Blisses are so fond of each other and used to be so graceful and slender when they were first married."

"Ah, well," replied the physician. "Think how much more they are to each other now!"—Life.

### Little Breaks.

Among "blunders in emphasis" the prize must be awarded to the remark of the beautiful Miss Gunning to George H. She told the king that she would deny to him to see a coronation. A complaint not infrequently makes a questionable form. "I will sell in his 'Collections' and Recollections" tells of a working class admirer who once said to the dean of Windsor (Dr. Wellesley), "I always say there's nothing of the gentleman about you."—St. James' Gazette.

### Fooled His Doctor.

The late Rev. R. R. Hawley, who was equally notable as preacher, journalist, lecturer and musician, suffered from a dangerous hip disease when a boy of nine. The celebrated Sir Benjamin Brodie, who was asked if a change of scene would benefit the afflicted youth, answered, "Take him anywhere—it does not matter."

Hawley lived to laugh at his doctor, and half a century later, after a life of exceptional industry, he was in vigorous health.

### Practical.

Walking leisurely around the Egyptian sphinx, the traveler from America inspected it from all points of view. "It's a shame," he exclaimed, "to leave the thing in that shape. If I had it out in Chicago I could, clap, a good cement nose on that face so quick it would make its head swim!"—Chicago Tribune.

## WAGE EARNERS' SAVINGS LOST.

Building and Loan Association Funds Misappropriated.

### SHORTAGE OF \$50,000 FOUND

District Attorney William Ammon of York, Pa., Secretary of the Association, Found Dead in Stable. Died of Heart Disease.

York, Pa., Aug. 26.—Following the discovery that close to \$50,000 of the funds of the Standard Building and Loan association, of which he had been secretary, had been misappropriated, District Attorney William L. Ammon of this city was found dead by his wife in the loft of a stable in the rear of his home.

He had purchased a pound of cyanide of potassium at a drug store. Physicians who examined the body, however, state that he died of heart disease. He had recently been examined by a physician, who discovered that he was suffering from valvular heart trouble and after his death it was declared that no trace of poison was found.

Ammon was forty-one years old and a native of York county. He was elected to the office of district attorney in November, 1907. For nearly fifteen years previous to that time he had served as secretary of the Standard Building and Loan association, which was capitalized at \$500,000. Recently an expert accountant was employed to examine the books of the association.

This accountant, D. V. Johnson, has made public the following statement: "I have discovered that the funds of the association had been systematically misappropriated by the former secretary, W. L. Ammon. The examination at this time has not been completed so that extent of the embezzlement cannot be approximated, but as the work proceeds the amount grows larger. After interviews with Mr. Ammon he offered no explanation and admitted the shortage and his sole custody of the funds of the association while in office and it was during his administration that the shortage occurred."

"I am more than ever convinced that District Attorney William Ammon died of an affection of the heart," was the statement made last night by Coroner J. E. Dehoff, who has been investigating the mysterious death of Mr. Ammon. Unless the family demands it there will be no autopsy nor an inquest held.

### WILL CONTINUE REFORM

Mineworkers Determined That All Certificates Shall Be Valid.

Scranton, Pa., Aug. 26.—The Mineworkers' organization, which is back of the investigation which has disclosed wholesale violation of the law covering the issuance of miners' certificates, will carry the reform into all other parts of the anthracite region.

President Benjamin McNairy, who was present at the courthouse when the Steniums inquest was adjourned until Friday, made a statement to that effect. "We may as well go through with the whole matter now," said the president, "even if we have to see to it that every miner shall hold a valid certificate, assuming that there are many certificates in use of the same character of the Steniums certificates."

Let us not talk ill of our enemies. They only never deceive us.—Bousays.

### PITTSBURG MARKETS.

Poultry (Live)—Cocks, 10¢@11¢; ducks, 9¢@10¢; turkeys, 12¢@14¢.

Eggs—Selected, 25¢@28¢; at mark, 24¢@25¢.

Butter—Prints, 31¢@31 1/2¢; tubs, 30¢@30 1/2¢; Pennsylvanian and Ohio creamery, 28¢@28 1/2¢.

Herr's Island Live Stock. Cattle—Receipts light and market slow. Choice, \$5.50@6.75; prime, \$6.40; good, \$5.00@5.50; fair butchers, \$4.50@5.00; fair, \$4.40@4.75; bulls, \$2.50@3.50; calves, \$3.50@4.50; common to good fat cows, \$2.50@4.75; fresh cows and springers, \$2.00@5.50.

Sheep and Lambs—Supply light; market slow on sheep and steady on lambs. Prime wethers, \$4.65@4.85; good mixed, \$4.40@4.60; fair mixed, \$4.15@4.35; culls and common, \$1.50@3.00; lambs, \$4.50@7.00; veal calves, \$8.50@9.50; heavy and thin calves, \$6.00.

Hogs—Receipts, 10 double decks; market fairly active. Prime heavy hogs and mediums, \$8.45@8.50; heavy Yorkers, \$8.40@8.45; pigs, \$8.10; roughs, \$6.50@7.25; stage, \$5.00@6.00.

Chicago Grain Market. Chicago, Aug. 26.—Weak cables and continued liberal receipts in this country caused a fresh break in wheat prices on the board of trade today, but buying by shorts resulted in a recovery of almost all the loss. Corn and oats closed weak and provisions steady. September options closed: Wheat, 97 1/2¢; corn, 65 1/2¢; oats, 36 1/2¢.

### When You Pay Bills You Want Them to Stay Paid.

You want them paid beyond all possibility of dispute. Taking receipts is a help—but it's not certain, the receipts may be lost. There is a way, however, to have an indisputable record of every payment—pay your bills by check—then there is a record of all the payments in your check book and on the books of the bank and all checks are returned to you marked "paid."

No matter how small your balance will be, we cordially invite your checking account.

Uniontown Wins at Last.

Uniontown, 0 0 0 1 4 0 0 0—5 4 0  
Gratton, 0 0 0 0 0 0 0 0—0 3 4  
Roberts and Gibbons; Haley and  
Frankenberry.

Fairmont has come and gone and left behind a string of defeats. The Hunters minus their favorite appearance upon the local field and will not be seen in Connellsville again this year unless the Cockers win the second season title. It may be that I'm wrong who never gave a longer name here again, for there is no telling what may be the developments over winter.

The Francis family cut a big figure in yesterday's contest. Ike, who has been doing great work in the field during the past week, made a clunker on a ground ball which should have retired the side in the fourth inning and Fairmont scored two runs. After that Taylor took a brace and was one great big Chinese puzzle until the ninth inning, when the Hunters blew up in this session Chip regained what he had handed out, his single scoring the winning run.

The Cockers started out like winners when Gilligan singled in the first inning and scored on Haggen's hit, after which he sacrificed. Then Taylor singled down and there was nothing doing for a time. Elmer Cannon was also something of a mystery but a couple of singles in the third gave the Hunters a tally. The Fairmont boys got after Elmer in the fourth when, with two out, King, Gates and Carberry slugged in succession, filling the bases. Then O'Malley hit one which skinned the second pitcher, and which Ike Francis fumbled, two runs getting across. The Cockers began throwing the ball around the lot and Cannon was tipped trying to steal third. That ended the scoring.

The Cockers could not find Taylor, hard as they tried. In the sixth Elmer Cannon hit a clean single, but died on second. O'Malley threw Makepeace a grounder wide in the eighth, but Cannon fanned while Gilligan and Morgan went out on flies.

The game was won in the ninth. Kid Haggen drew a base and Calhoun rapped out a clean single. Dutch Myers laid down a neat bunt and Haggen bent Taylor's throw to third. The bases were full and none out when Ike stepped up, hit several long fouls and then struck out. Billy Dunn hit to O'Malley, who tossed to Parker. Parker muffed the throw and the bases were still full. Haggen being dangerous and Taylor passed him, forcing in the tying run. Chip Francis batted for Cannon, waiting until the third ball was offered and unwatched that over O'Malley's head for a single. Myers trotted across with the winning run. Score:

CONNELLSVILLE	FAIRMONT	UNIONTOWN	GRATTON	DISBANDED
Gilligan, 1b	3	1	1	1
Morgan, cf	3	0	0	0
Myers, 2b	1	1	1	0
Calhoun, rf	3	1	0	0
Myers, lf	3	0	2	0
Francis, ss	2	0	2	1
Dunn, 3b	1	0	0	1
Makepeace, p	1	0	0	0
Cannon, p	0	1	0	0
O'Malley, p	1	0	0	0
Chip Francis, p	1	0	0	0
